

LIFE MENTAL HEALTH

LEADING PROVIDER OF
ACUTE PSYCHIATRIC SERVICES

The right choice for acute mental healthcare

Life Healthcare is a leading provider of private psychiatric services in South Africa, with nine dedicated facilities situated across four provinces, namely: Gauteng, Eastern Cape, KwaZulu-Natal and Western Cape.

Our treatment programmes, facilitated by our multidisciplinary team have been developed to achieve optimal outcomes through the short term treatment of mental healthcare users in tranquil and therapeutic environments conducive to recovery.

Our services

The mental healthcare services offered include general psychiatry, electroconvulsive therapy (ECT), treatment for substance dependence or other addictions associated with psychiatric disorders.

Treatments include evidence-based drug therapy, individual psychiatric consultations and psychotherapy, group therapy and, where needed, physical therapy.

These holistic services are provided by a multi-disciplinary team which, depending on individual patient needs, comprising of psychiatrists, psychologists, occupational therapists, physiotherapists, social workers and counsellors; as well as nursing practitioners trained in mental health.

Our quality

Life Healthcare is committed to providing users with world-class quality mental healthcare. Life Mental Health is ISO 9001 : 2008 accredited for its quality management systems.
